MS Office, Texshop, Mathematica, Matlab etc

Resources (provide details and applicable departmental limits)

Lab space and consumables - provided
Photocopying - provided
Printing - provided
Telephone - provided
Dial-in internet access - provided
Interlibrary loans - provided

Conference and travel funding (details of schemes operating in faculty/department)

The Department runs a Research Support Scheme to fund student travel. Students are strongly encouraged to participate at conferences and to give talks on their work, at least once a year. Students apply for this funding, and are required to write a short report on return.

Technical support provided at faculty or departmental level (if applicable)

The Department IT staff provide IT help to all our students, as required.

This statement of resources is accurate at (insert date) 23 March 2005
