### Preprints

1. Reick, Y., and Rubinstein, J.H., Invariant Heegaard surfaces in manifolds with involutions and the Heegaard genus of double covers, submitted
- 2 Boileau, M, Rubinstein, J.H., Wang, Shicheng, Finiteness of 3-manifolds associated to non zero degree mappings, to appear in J. of Diff. Geom,
3. McCullough, D. and Rubinstein, J.H., Generalised Smale conjecture for 3-manifolds with finite fundamental group and containing Klein bottles, preprint

4. Hong, Sungbok, McCullough, D. and Rubinstein, J.H., The Smale conjecture for lens spaces, preprint, Items 3 and 4 are to be combined into a book to be submitted in 2008
- 5 Johnson, J and Rubinstein, J.H., Automorphisms of Heegaard splittings of 3-manifolds, submitted
- 6 Bartolini L. and Rubinstein, J.H., One-sided Heegaard splittings of non Haken 3-manifolds, submitted
- 7 Rubinstein, J.H., Problems around 3-manifolds, To appear in Proceedings of the conference on low dimensional topology at the Technion,
- 8 Hass, J., Rubinstein, J.H. and Thompson, A., Knots and k-width, submitted
- 9 Brazil, M. Grossman, P.A., Lee, D.H., Rubinstein, J.H., Thomas, D. A., Wormald, N.C., Decline design in underground mines using constrained path optimisation, submitted
- 10 Jaco, W., Rubinstein, J.H., and Sedgwick,, E, Finding planar surfaces in knot- and link-manifolds, submitted
- 11 Jaco, W., Rubinstein, J.H., Layered triangulations of 3-manifolds, Book submitted
- 12 Coffey, J. and Rubinstein, J.H., 3-manifolds built from injective handlebodies, to appear in Algebraic and Geometric Topology,
- 13 Rubinstein B, Bartlett, P. and Rubinstein, J.H.,, Shifting: One inclusion Mistake Bounds and Sample compression, to appear in special issue of JCSS on machine learning.
